

Give first, not last. Decide where your 10% goes before the month begins — then automate it to leave on payday.

This month's take-home pay \$ → Your 10% to give \$

Where it goes

Total planned giving		

Does your total match your 10%? If there's room, give a little more — consistency over intensity.

Heart check

Whose life did this month's giving reach, beyond your own front door?
